

OFFICE OF THE PRESIDENT

December 1, 2017

Carolyn Skimson
Chair, Board of Directors

Kris Bailey
Chief Executive Officer
In-Common Laboratories
57 Gervais Drive
North York, ON M3C 1Z2

Dear Ms. Skimson and Ms. Bailey:

On behalf of the Ontario Hospital Association (OHA), I would like to congratulate your organization on 50 years of outstanding service and quality. Tracing its roots back to Ontario, In-Common Laboratories' (ICL) long-term success is a testament to your excellent performance and the high-standards you adhere to. These have been critical to supporting hospitals in providing top-notch health care delivery to patients.

Since its inception, ICL has provided a vital service to hospitals, founded on the principles of resource sharing, strengthening efficiencies and providing a single-source for any laboratory test. Five decades later, Ontario hospitals continue to benefit from the enhanced patient care solutions you provide and the clinical, scientific, and technical expertise available through ICL's laboratory referral network.

On behalf of our members, it is a sincere pleasure to congratulate ICL on this noteworthy achievement.

Sincerely,

Anthony Dale
President and CEO
